Modular scraper system

R412028343

Series MS

2023-12-20

- Ø 32 mm ... 320 mm

AVENTICS Modular scraper systems and front lube unit

The AVENTICS Modular scraper system and front lube unit offer more flexibility by implementing a different scraper model with the same cylinder if yours needs changing. They are available separately as spare parts with fully installed seals and bushings and can be exchanged at any time, quickly and easily, without removing the cylinder.

Technical data

Industry	Industrial
For series	CSL-RD
Scraper	Standard Industry Scraper
Piston Ø	32 mm
Min. ambient temperature	-20 °C
Max. ambient temperature	80 °C
Medium	Compressed air

Material

Housing material	Stainless Steel
Piston rod seal	Nitrile butadiene rubber
Scraper	Thermoplastic elastomer
Part No.	R412028343

Dimensions in mm
