Control box with power supply cable and adapter

2023-10-12

R402002203

Technical data

Industry	Industrial
Type	Control box with power supply cable and adapter
Note	Archive product: Do not use in new constructions!
Max. operating voltage DC	24 V DC
Protection class	IP40
Min. ambient temperature	0 °C
Max. ambient temperature	50 °C
Housing material	Polyamide
Part No.	R402002203

Technical information

Cylinder motion in both directions can be controlled with the knob on the control box.

Can only be connected to valves with a removable pilot valve.

The pressure dew point must be at least 15 °C less than ambient and medium temperature and may not exceed 3 °C.

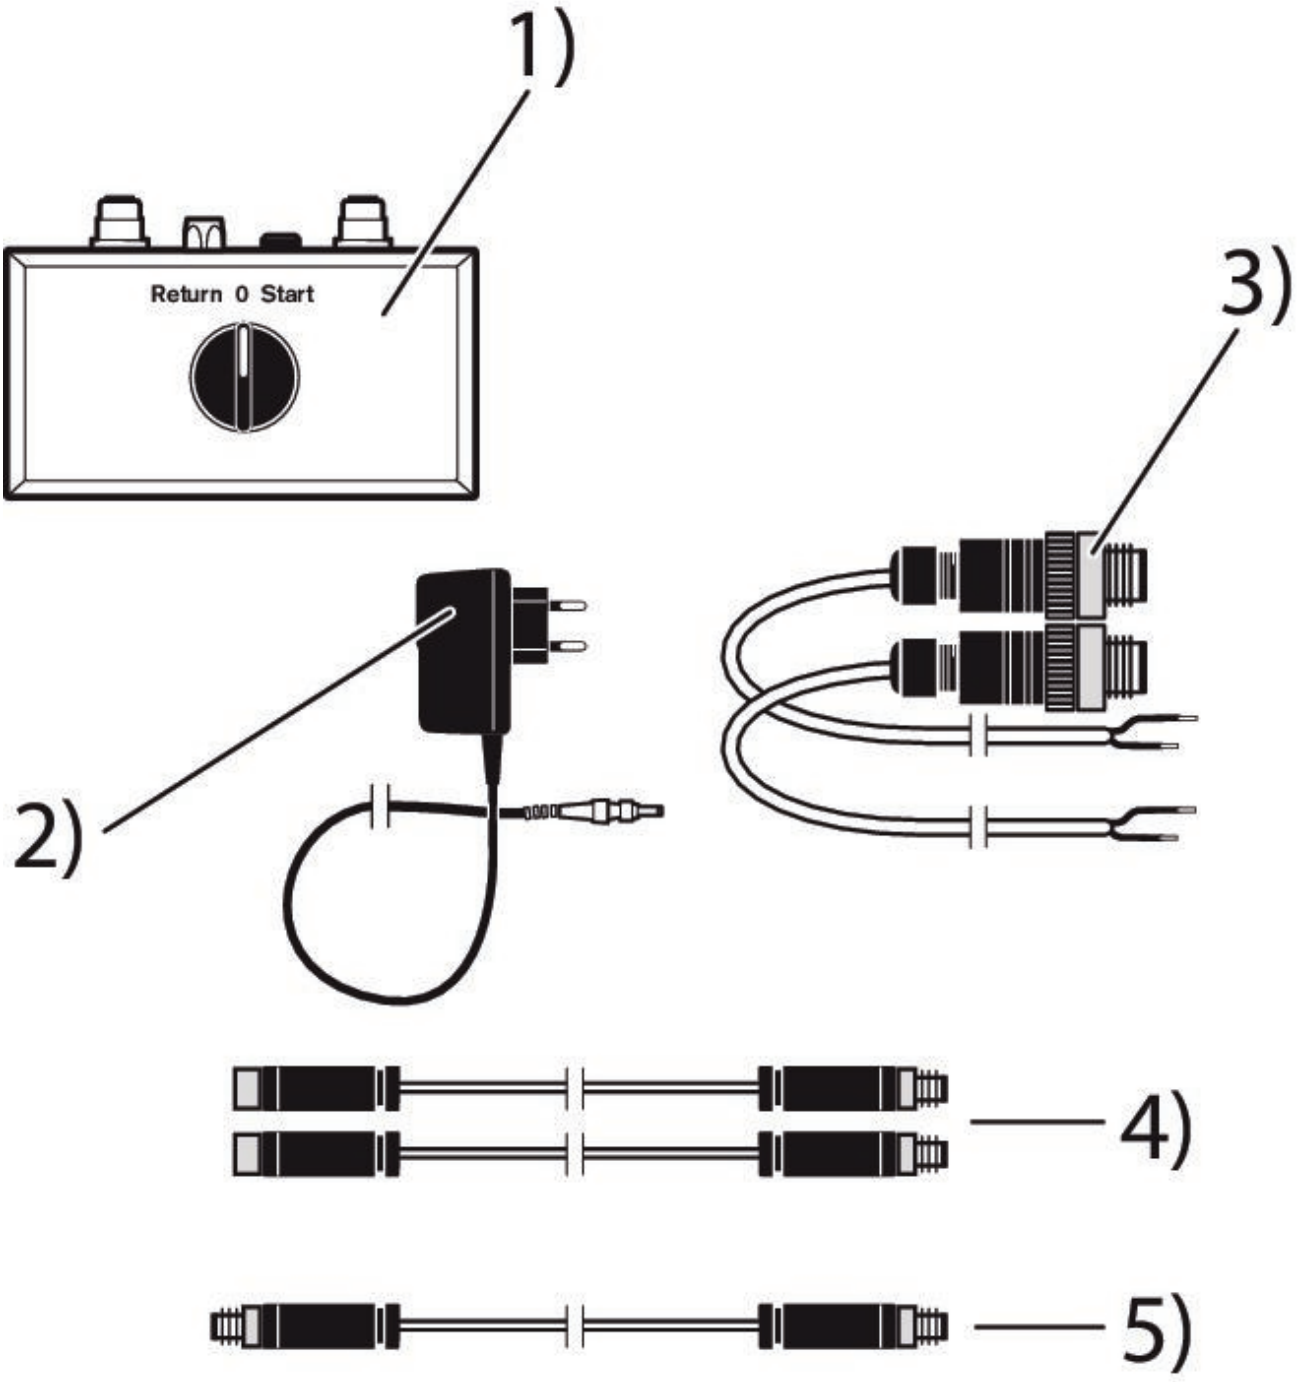

The oil content of compressed air must remain constant during the life cycle.

Use only the approved oils from AVENTICS. Further information can be found in the “Technical information” document (available in https://www.emerson.com/en-us/support).
