

Actuating controls for AP/ST series control panel valves

2024-01-21

R412012737

Technical data

Industry	Industrial
Type	Push button
Color Actuating element	Green

Min. ambient temperature	-30 °C
Max. ambient temperature	70 °C

Weight	0.011 kg
--------	----------

Material

Part No.	R412012737
----------	------------

Technical information

Combining an ST control panel valve with an actuating control may create an emergency OFF control device, which must comply with the applicable regulations in the EC Machinery Directive 2006/42/EC and the EN ISO 13850 and EN ISO 13849 standards. In terms of EN ISO 13849, an ST control panel valve is a single-channel component. A sturdier architecture must be selected to attain a higher performance level (c, d, e).
