

Actuating controls for AP/ST series control panel valves

2024-01-21

R412012743

Technical data

Industry	Industrial
Type	Lever switch
Color Actuating element	White
Min. ambient temperature	-30 °C
Max. ambient temperature	70 °C
Weight	0.014 kg

Material

Part No.	R412012743
----------	------------

Technical information

Combining an ST control panel valve with an actuating control may create an emergency OFF control device, which must comply with the applicable regulations in the EC Machinery Directive 2006/42/EC and the EN ISO 13850 and EN ISO 13849 standards. In terms of EN ISO 13849, an ST control panel valve is a single-channel component. A sturdier architecture must be selected to attain a higher performance level (c, d, e).
