Industry
Industrial

Type
End plate

Delivery unit
1 piece

Min. ambient temperature
-10 °C

Max. ambient temperature
50 °C

Weight
0.08 kg

Material

Housing material
Aluminum

Screws material
Steel

For series
AV03

Compressed air connection 12
Ø 4

Min. medium temperature
-10 °C

Max. medium temperature
50 °C

Part No.
R412018349

Technical information

When using polyurethane tubing, we recommend using additional stiffener sleeves.

For push-in fittings, only use plug accessories made of plastic (polyamide) from our catalog.

The min. control pressure must be adhered to, since otherwise faulty switching and valve failure may result!

The pressure dew point must be at least 15 °C under ambient and medium temperature and may not exceed 3 °C .

The oil content of compressed air must remain constant during the life cycle.

Use only the approved oils from AVENTICS. Further information can be found in the “Technical information” document (available in <https://www.emerson.com/en-us/support>).
