Sensor, Series ST6

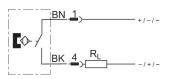

R412027172

General series information

AVENTICS Series ST6 Magnetic proximity sensors

The AVENTICS Series ST6 sensors are suitable for mounting in the 6 mm Tslot as well as sensor mounting to the cylinder. They are suited for mounting to all AVENTICS round cylinders, tie rod cylinders, and profile cylinders. With their optimized, compact shape, the sensors can be flush-fit into existing slots and integrated into any machine environment, even with sensor mounting. Retaining ribs on the side of the sensor enable simple mounting, including in hard-to-reach locations or for overhead assembly. The durable mounting screw holds the sensor in the desired position and can withstand shocks or vibrations.

Technical data

Industry Direct mounting for series

Indirect mounting for series

Slot width

PRA PRE CCI KPZ SSI GPC CVI TRB ITS CCL-IS MNI CSL-RD RPC ICS-D2 ICM KHZ TRR 6 mm T-slot

Industrial

Cable	with cable
Type of contact	Reed
Hysteresis	≥ 0,2 mT
Switching capacity	Reed, 2-pin: max. 10 W
Certificates	CE declaration of conformity
Certificates	cULus
	RoHS
	UL (Underwriters Laboratories)
Protection class	IP65
	IP67
Min. ambient temperature	-30 °C
Max. ambient temperature	80 °C
Voltage drop U at Imax	≤ 3,5 V
DC switching current, max.	0.13 A
AC switching current, max.	0.13 A
Max. switching frequency	400 Hz
Switching point precision	±0,1 mT
Switching logic	NO (make contact)
LED status display	Yellow
Electrical connection 2, type	Plug
Electrical connection 2, thread size	M8x1
Electrical connection 2, number of poles	2-pin
Operating voltage DC, min.	10 V DC
Operating voltage DC, max.	30 V DC
Operating voltage AC, min.	10 V AC
Operational voltage AC, max.	30 V AC
Short circuit resistance	Protected against polarity reversal
Shock resistance	30 g / 11 ms
Vibration resistance	10 - 55 Hz, 1 mm
Cable length L	0.3 m

Material

Housing material Material cable sheath Material locking screw Part No. Polyamide Polyurethane Stainless Steel R412027172

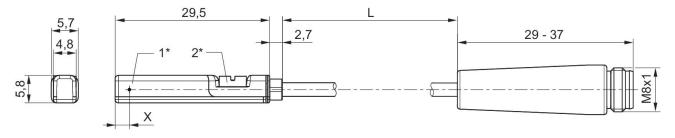

Technical information

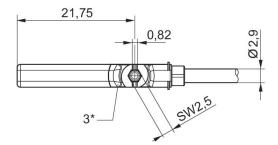

The pressure dew point must be at least 15 °C less than ambient and medium temperature and may not exceed 3 °C.

The oil content of compressed air must remain constant during the life cycle.

Use only the approved oils from AVENTICS. Further information can be found in the "Technical information" document (available in https://www.emerson.com/en-us/support).

Dimensions

1* = switching point 2* = locking screw 3* = LED window, transparent L = cable length
