

Short-stroke cylinder, Series SSI

R480637967

General series information

AVENTICS Series SSI Short-stroke cylinders
(ISO 15524)

- The AVENTICS Series SSI are short stroke cylinders in accordance with the latest ISO standard 15524. The cylinders are compact and up to 30% lighter than comparable cylinders thanks to weight optimized profiles. In addition, they provide a high degree of flexibility in sensor assembly and extremely effective elastic cushioning.
